In a self-contained classroom all day with limited access to electives?
Looking for activities that will enhance health and wellness for your students?

Play with US brings a trained special education music teacher directly into your classroom to provide a weekly interactive videoconference music class. Created specifically for secondary special education students (7th-12th grades), **Play with US** utilizes United Sound's proven curriculum and foundations to create an active music-making class for your students. Classes run August 2024 - May 2025.
